'New Season' Kick Off

Last season's end of summer events ended with a fun run up to Idaho City and lunch at Trudy's. To start things off this season, we thought just a simple get-together with our ever growing group of Cobra Club members would be a nice way to meet and greet everyone, discuss

future Idaho Cobra Club fun run plans, and of course, show off our cars. Now the weather has stabilized a little, we should be able to get a couple of sunny days in a row and enjoy a fun BBQ.

To be included on the current list...
