## Idaho Cobra Club

*Dedicated to all Cobra lovers, builders, owners & enthusiasts*

### *Our 1st Fun Run...*

We had such a nice group of Cobra enthusiasts with various models who attended our first get-together in August. Those attending discussed doing something fun and relaxed for our next meeting. It was suggested we plan a *Fun Run* traveling on one

of our beautiful Idaho scenic drives, with many other venues throughout the year planned. Before winter is upon us, let's all get out and enjoy this opportunity. *To be included on the current list...*
